SURRENDER IS COMPLETE

Toral's Army Has Finally Succumbed to Superior Force.

QUIBLING OF THE SPANISH WAS SUCCESSFULLY RESISTED.

Washington, July 16—Special—Gen. Shafter sent this message this morning: "The Spanish have surrendered. Particulars later." Everybody connected with the war department believes the surrender has been absolute and complete. The message sent to Gen. Shafter last night by the president directing him to bombard Santiago unless it surrendered immediately, it is believed, stopped all further quibbling.

The Surrender Completed.

Siboney, Friday July 15—Special—The agreement to surrender Santiago was signed this afternoon. It was approved by Gen. Miles, Blanco and Toral, and awaits the approval of Madrid. The news of the surrender was received with jubilation by the troops. Chattering was taken up all along the line and lasted an hour. The Spanish troops are to surrender their arms. Their commissioners were disposed to make trouble over the point whether the submission was an evacuation or a surrender, and whether they should give up their arms, but the Americans refused to make any concessions further than to promise to give the Spanish safe transportation to Spain.

The Spanish are to leave with military honors. They agreed to co-operate with the Americans in destroying the mines and torpedoes in the harbor. While satisfied that the surrender is genuine Gen. Shafter is taking no chances. He has directed Garcia to look out for Spanish reinforcements.

Will Nail Them Down.

Washington, July 16—Special—The quibbling of Gen. Toral as to the surrender of Santiago—his evident purpose to sneak out of a solemn agreement—will have good effect here. It will lead to a demand that all future agreements with Spanish commanders shall be "signed, sealed and delivered" in such a manner as shall render a backdown impossible. No trust will be placed in "Spanish honor," as it evidently has no existence. Every future agreement will be positive and unequivocal, and its performance assured by the exaction of guarantees that cannot be evaded. A surrender once agreed upon will be enforced rigidly. It is safe to say that Toral's conduct will result in more oppressive terms being exacted than have been heretofore dreamt of.

Yellow Fever Increasing.

Siboney, July 15—Special—The yellow fever situation is becoming serious. There are now two hundred cases, and three deaths have occurred. Surgeon Senn predicts that twenty-five per cent. of the army will be affected with the disease within a fortnight. The scourge is spreading rapidly.

Blanco Alone Resists Peace.

Madrid, July 16—Special—A Havana special says a great change has come over public opinion, and peace is expected in a few days. Blanco alone advocates further sacrifices, though recognizing that the present condition of affairs renders ultimate success impossible.

Will Still Keep Guard.

Siboney, July 16—Special—News of the surrender has been received by the navy. The ships will be on guard the same as usual.

Entered the Harbor.

Washington, July 16—Special—The navy department is informed that Sampson's fleet entered Santiago harbor this morning.

May Come Home.

Siboney, July 16—Special—The doctors advise that to prevent fever a larger part of our troops be sent home until fall.

Red Cross at Santiago.

Washington, July 16—Special—Shafter telegraphs that

CAPT. A. T. MAHAN,
United States Navy.

MAJ. GEN. NELSON A. MILES,
Commanding United States Army.

HOME FORUM REORGANIZING

Benefit Order Takes Steps Towards an Aggressive Work.
A meeting was held last evening at Caledonian Hall for the purpose of reorganizing the local branch of the Home Forum benefit order. Reports were submitted showing a membership of forty-four, and thirteen new applicants who have already passed the physical examination. It was decided to keep the charter open and give those who desire an opportunity to come in as charter members. The charter will be held open for a week or two, and after it is closed it will cost more to become a member. Grand Secretary Frank Cloud, of Joliet, Ill., spoke of the social features of the order. More attention should be paid to this feature. If the insurance is only considered, the organization will not succeed. After a general interchange of views by those present an adjournment was taken for a week, when steps will be taken to reorganize the society.

FELL FROM A STREET CAR

Janesville Barber Sustains a Sprained Ankle at Chicago.
Charles Hamilton, the well known Janesville barber who left the city some time ago for Aurora, Ill., has returned after going through an experience that he does not care to repeat. After leaving Aurora and while boarding a street car in Chicago he accidentally fell to the pavement, badly bruising and straining his ankle. So serious was his injury that he was taken to the hospital where he was obliged to remain for some time. His injured limb is still in a bad condition and it will be some time yet before he entirely recovers from his injury.

WILBUR HAS GOOD TALENT

Promises Local Friends a Good Game of Ball Soon.
George Wilbur, of this city, as manager of the Edgerton base ball team, is securing some good talent here these days. His latest capture is Bobbie Warner, a former member of the Rockford, Ill., base ball team, who distinguished himself on several occasions by faultlessly covering second base. Warner is a whirlwind, and will be heard from as a member of the team. Manager Wilbur says that before many days he intends to arrange a game with one of the best league teams of the state to be played in this city at Athletic Park.

WAS STRICKEN BY DISEASE

Mother of Walter Helms is Suffering From Heart Trouble.
Mrs. Sarah Helms, one of the early settlers of this city, is now dangerously ill with heart trouble at the home of her daughter in Boone, Ia. Mrs. Helms came west from Orange county, N. Y., in 1846, and on July 4, of the same year settled in Janesville, when the place was not even a good sized village. Not a house was on the east side of the river, while but few graced the east side. Mrs. Helms is seventy-four years of age, and on account of her advanced years local relatives are much alarmed. Walter Helms, her son, leaves next week to be at her bedside.

AGED WOMAN BADLY BURNED

Widow of the Late Squire Perry, of Juda, Receives Painful Injuries.
Mrs. Susan Perry, widow of Squire Perry, is now dangerously ill at her Juda home west of this city. She is in terrible agony as the result of being badly burned Thursday afternoon. She was using gasoline for cleaning purposes when the fluid ignited from a lamp and in the explosion and fire which followed the aged woman was terribly burned about the face and head. The physicians have some hopes of her recovery.

WILL BE MARRIED IN THE FALL

J. Potter Miner and Miss Esther Taylor, of Chicago, to Wed.
To local friends the announcement has been made of the engagement of J. Potter Miner and Miss Esther Taylor, both of Chicago. The prospective groom is a well known Janesville boy, being the eldest son of Hon. and Mrs. Cyrus Miner, while the bride-to-be is one of the fair daughters of the world's fair.

IT WAS A DIFFERENT FAMILY

Naval Captain Whiting, Who is to Fight Duel, Not From Janesville.
Chicago and Milwaukee papers have related the details of an unfortunate affair that recently took place at Honolulu, and which may result in a duel between Paymaster Wilcox, of the Monadnock, and Capt. Whiting, a well known officer of the navy. All these papers state that Capt. Whiting was a resident of Janesville when he received the appointment in the navy. Such is not the fact. The Capt. Whiting in question was a resident of Wallworth county, and is not related to the Janesville family of the same name. The quarrel between paymaster Wilcox and Capt. Whiting grew out of some slighting remarks made by the former when in liquor, reflecting upon the character of Mr. Whiting. Mrs. Whiting is the daughter of a wealthy Chinaman, and a half-breed Hawaiian woman, and one of thirteen sisters nearly all of whom are married to Americans of recognized social standing. Each of the girls received nearly a million dollars. They are said to be very beautiful women, and have received the very best education money could give them.

DEFENDS THE PARTIAL UMPIRE

Brookhead Paper Says His Decisions Were Fair to Both Sides.
The Brookhead Independent, in speaking of the recent base ball game in that city between their team and the local Y. M. C. A. nine, says: "Arthur J. Gordon acted as umpire. His decisions were just, without favors shown to either team. Our boys are somewhat indignant that the Janesville players should have misrepresented this to the reporters of their home papers. It was an honest game and no one needed sympathy for 'they came; they saw and conquered,' all." "There was only one disagreeable feature of the day, and that was caused by two young men from out of town, who took it upon themselves to 'roast' one of the Janesville players."

ADDS TO PROPERTY HOLDINGS

Ex-Ald. Winslow Buys Several Lots Adjoining His Residence.
Ex-Ald. F. S. Winslow has gone into the real estate purchasing business on the wholesale plan. He has closed a deal whereby he comes into possession of a number of valuable lots that were formerly a part of the N. L. C. Brown estate located in block 15 of the original plot of the city of Janesville. The purchased property lies in the rear of Ex-Alderman Winslow's present home on South Bluff Street, and a large portion of it fronts on Oakland avenue in Forest Park. A large force of men and teams have been at work on the property of late putting it in shape.

FARMERS AS WELL AS LAWYERS

Whitehead & Matheson Are Running a New Enterprise.
Not a few of the local legal firms are now owners of farms in this section. The Brookhead Independent says: "Messrs. Whitehead & Matheson, of Janesville, are making extensive improvements on their farm west of town, the Charles M. Fleck place. A commodious horse and hay barn and large hog house have been built, and the dwelling repaired. A new steel tower windmill takes the place of the one destroyed by the storm a few weeks ago, and extensive cattle sheds are in the course of erection. M. Whitehead was on on Tuesday looking after the improvements."

SOLD UNDER THE HAMMER

Property in the Town of Fulton Sold at Auction This Morning.
In front of the postoffice at 10 o'clock this morning Assignee Henry H. Brace, of the Alexander Shuman estate, in the town of Fulton, sold at public auction three pieces of property near Otisville as well as property in Fulton. The property was bid in by L. Towne, of Edgerton, who was acting in behalf of other interested parties. Block 12 in Fulton sold for \$600; forty-nine acres sold for \$870 and two hundred and four acres brought \$1,930.

For Sale Cheap.
A number of fine farms, all kinds of houses and lots in the city at a bargain.

PROPOSALS FOR PEACE

Spain Said to be Negotiating With Washington.

HER CLAIMS ARE LIKELY TO BE REJECTED IF NOT MODIFIED.

London, July 16—Special—Madrid advices lead to belief that peace between the United States and Spain is near at hand. The ministers are said to be unanimous for peace, even Sagasta having admitted that it must be brought about if Spain's existence as a nation is to be perpetuated. The good offices of the British ambassador have been tendered, and instead of being promptly refused as they were a few weeks ago he has been thanked and asked to hold himself in readiness to act with expedition. The cabinet is expected to take definite action before Monday evening.

Terms Are Preposterous.

Washington, July 16—Special—There is much amusement here over the telegraphed conditions upon which Spain will agree to peace. While they contemplate the possible independence of Cuba they give the United States no indemnity for the cost of the war—not even a coaling station in the territory already conquered. It is needless to say that these conditions will not be entertained for a moment. The United States will not only demand independence for Cuba and Porto Rico, but will insist upon retaining coaling stations in the Ladrone, the Philippines, and perhaps in the Carolines, besides receiving an indemnity for the cost of the war. If the manifesto of Correo outlines the best terms Spain can accept it is evident that she has not yet been punished severely enough.

A War Council.

Washington, July 16—Special—A council of war was held at the white house this morning. The subject of the conference is not known, but it is supposed that the proposed invasion of Porto Rico and the dispatch of Watson's squadron to Spain were considered. At its conclusion Secretary Alger said the government was entirely satisfied with the situation in and around Santiago, and there was no longer any doubt that the surrender was final and complete. He will advertise for ships at once to convey the Spanish prisoners to Spain.

Watson to Sail Soon.

Siboney, July 16—Special—Watson's squadron is ready to start for the Spanish coast. Sailing orders are momentarily expected.

Washington, July 16—Special—It has been decided to hold Watson's squadron in the West Indian waters several days before final orders to sail for Spain are given.

Congratulate Shafter.

Washington, July 16—Special—Upon receipt of the official announcement of Santiago's surrender, President McKinley and Secretary Alger sent congratulations in a telegram to Shafter and his men.

Madrid Consents.

Washington, July 16—Special—This afternoon Shafter telegraphed the letter received by him from Toral this morning notifying him that Madrid had consented to the capitulation of Santiago.

Peace Negotiations.

London, July 16—Special—A Madrid dispatch says: Local newspapers say that Spain opened peace negotiations at Washington today through the French ambassador.

CHANGE OF VENUE GRANTED

The Forgery Case Against Dr. Brown Goes to the Circuit Court.
When the case of the State of Wisconsin vs. Dr. Robert L. Brown was called in the municipal court this morning a change of venue was taken to the circuit court of Rock county. This case, along with a similar one previously disposed of, will not be heard till the fall term of court is called.

NEW CAUCUS LAW
IS NOW IN FORCEWILL BE IN OPERATION FOR
FALL ELECTION.

Caucuses Will Be Held Under Its Provisions This Year—Central Committee Sends Out Circular of Instruction to Chairmen of the County Committees.

As a guide to the county committees throughout the state in regard to the new caucus law adopted by the last legislature the republican state central committee has issued a synopsis compiled by the best legal authority. As there is some misunderstanding in regard to the workings of the law The Gazette publishes the circular in full for the benefit of its readers:

Headquarters Republican State Central Committee, Milwaukee, July 2, 1898.—In accordance with suggestion made at the last meeting of the state central committee that proper legal opinion be obtained as to the application of the new caucus law to the holding of caucuses for the coming general election, outside of Milwaukee county, we are advised by First Assistant Attorney General J. L. Erdahl, that the law, in general elections, outside of Milwaukee county and in the absence of a vote to adopt the same, is only applicable to incorporated cities in Wisconsin, and does not apply in any way to caucuses held in towns and villages. The caucuses in the towns and villages will be conducted in the same manner as heretofore.

County Committee.

It is his opinion that the county committee shall act in all general elections, having charge of all the details thereto; and in accordance with this ruling the first duty of the county committee will be to appoint three electors to each caucus district in each incorporated city in the county (if it has not already been done), who shall act as inspectors of the caucus, as provided in section 5, chapter 312, laws of 1897, and each elector so appointed must, within ten days from the time of his appointment, file with the county clerk oath or affirmation as required by this section. The county committee may at any time prior to the opening of the caucus, remove any inspector so appointed and appoint another in his place who shall qualify in like manner. In case any inspector shall fail to appear at the time fixed for opening such caucus, the inspector or inspectors present, shall appoint some elector, resident of the caucus district in which such caucus is held, in the place of such absent inspector, who shall administer to such other person the oath provided for in this act. The chairman, secretary and three inspectors, shall be a canvassing board, who shall faithfully, honestly and correctly canvass all the votes cast at the caucus and in every way comply with the provisions of this act.

Primary Meetings

The caucus law of 1897 provides for preliminary meetings to be held prior to the holding of the caucuses, the object of such meetings being to propose names of persons who may be voted for at the caucuses to represent the caucus district at the county convention, or in case there is more than one assembly district in the county, at the assembly district convention.

The method of procedure in calling and holding these preliminary meetings is as follows: As provided in section 9, chapter 312, laws of 1897, the county committee shall issue a call for preliminary meetings of republican electors to be held in each caucus district in every incorporated city in the county four days prior to the caucuses. At least ten days' notice shall be given for the holding of such preliminary meetings.

The chairman of the ward, or in the absence of such chairman, a caucus inspector shall open the preliminary meeting. After the election of a chairman and secretary of the preliminary meeting, who by virtue of such election shall also act as chairman and secretary of the caucus, the chairman of said meeting shall declare nominations open for delegates to the county convention (or assembly district convention, in case the county contains more than one assembly district) to elect delegates to the state convention, as given in the call of the county committee; whereupon nominations may be offered by any republican elector present.

Committee Furnish Blanks.

The county committee is also required to furnish for each caucus district, blank ballots of uniform size and color for the use of the secretary of the preliminary meeting. As the names of delegates are proposed they

FRENCH COSTUME OF ECRU LINEN FROM HARPER'S BAZAR

This is emphatically a season of wash gowns, even although the so-called wash costumes are not all precisely adapted in their make-up to an actual passage through the processes of the laundry. Ecrú grass linen is the material of the dainty gown shown in our illustration taken from Harper's Bazar. Two kinds of linen are combined in the gown, the one a striped linen which forms the body of the skirt and waist and the sleeves, the other a plain linen covered with all-over embroidery in shades of white and tan. The striped material

of the skirt is arranged so that the stripes meet in points in a seam down the front. The embroidered plain material forms a circular blouse which is quite narrow at the front, but slopes up rapidly toward the back, and there reaches midway to the top of the skirt. On the waist the embroidered fabric forms a short bolero jacket, opening on a shirred vest of white silk mull. The belt, collar and breast-knot are of poppy-red satin ribbon. The white straw hat is trimmed with white tulle, poppies and spangled quills.

shall be written upon the ballots by the secretary of and placed in a ballot box. The chairman, before entering a motion "that nominations may be closed," shall first put the question to the meeting, repeating the same twice: "Are there any further nominations?" Such action must be first taken and every opportunity given to electors to propose names before motion to declare nominations closed can be entertained or voted upon by the meeting. The nominations having been closed the meeting shall elect two tellers, whose duty it shall be to withdraw, one by one, the ballots placed in the ballot box (after the same has been thoroughly shaken), and the chairman and secretary of the meeting shall certify the names proposed for delegates in the order in which the same have been withdrawn and announced by the tellers to the county committee.

Read the Call

The chairman of the preliminary meeting shall then read the call for the caucus, stating the time and place of holding the same; that the caucus will be open at 9 o'clock p. m., and close at 8 o'clock p. m. (as required by law), and the number of delegates to be chosen; that the county committee will have tickets printed for the caucus, containing all the names proposed, the voter at the caucus to place a (X) cross after the name of each delegate voted for; that no other but the official ticket, will be received at the caucus, and that all official tickets will be placed in the booth or building in which the caucus is held, whereupon preliminary meeting shall stand adjourned.

The county committee, immediately upon the receipt of the names of proposed delegates from each caucus district, shall proceed to have printed an official caucus ticket (sec. 8, ch. 312, laws of 1897) which shall contain the official imprint of the county committee, the name of the party, and the caucus district in which said caucus is held, and shall contain the names of all delegates proposed at the preliminary meeting. No other ballot shall be received or counted at the caucus. The county committee shall have prepared and delivered to the caucus inspectors, a sufficient number of official caucus tickets in two original sealed packages, and at the opening of the caucus the packages shall be opened and the tickets conveniently placed for the use of the voters, but no distribution of such caucus tickets shall be allowed outside of the place where the caucus is held.

Board of Registry

The board of registry of each election precinct shall, two days before the day fixed for the holding of the caucus, deliver to the chairman of the county committee six copies of the printed registry list of electors. Failure to provide these lists operates to forfeit all compensation provided by law of every member of such board.

There are indications at this writing that the hot spell has been broken and that the Sabbath day will be ushered in by cool breezes that woo to rest and refreshment. But whether the weather is cool or hot the churches of the city are undoubtedly the coolest spot one can find. If there is a breath of fresh air anywhere it passes through the spacious well ventilated auditoriums and fans the brows of those within. SURRENDER OF SANTIAGO

It is to be hoped that the surrender
of the troops at Santiago will bring
the Spanish people to their senses. It
has long been evident that the Span-
iards could not hope to win in a war
with the United States, and waging
an unequal conflict only results in the
loss of life, money, and possessions.
The surrender of Santiago leaves the
American fleet and troops free to at-
tack Havana, and invade Porto Rico.
That Havana will be captured goes
without saying, as the garrison can be
surrounded in time, without firing a
gun. Or the city can be taken by ac-
cuse but with greater loss of life. The
invasion of Porto Rico will be but a
formality, and in the meantime, Com-
modore Watson would have destroyed
Camara's fleet and gone to wreck
at the doors of the Spanish
seacoast cities. Nothing is left
for Spain but to accept the inevi-
table. With her fleets destroyed, her
armies captured or penned up, with
her treasury empty, and the govern-
ment tottering to its fall, she is but a
horrible example of the "survival of
the fittest." Any other nation would
have given up the fight ere this, but
what Spain will do remains to be seen.

Manitowoc Press:—The charges
made against the governor are petty
and not worthy of any sensible man's
consideration. He is a level-headed,
careful and able executive, and as
such is serving the people and not any
machine. Because of his indepen-
dence of the factions of his party he
is disliked by those who want to rule
things their own way, but the people
see in him the very man they want.
It is a novelty to have a governor that
machine or anti-machine are not able
to run to their liking. Gov. Scofield
is an honest man who wishes to do
the very best he can for the people of
his state. In our opinion he is de-
serving of a second term and we can
see no reason why he should not be
so honored by the republicans of Wis-
consin.

In commenting on the fact that the
La Follette machine has been flooding
the county with copies of The State,
The Milton Telephone says: "A num-
ber of people in the village have re-
ceived copies of The State, of Madison,
marked 'Subscription paid.' Those
who receive the paper know that it is
printed in the interest of Mr. La Fol-
lette. They understand now,
however, that some one interested pays
for The State sent to them, and a lit-
tle study results in a rude shock. We
believe Mr. La Follette's interests have
been injured by the 'subscription paid'
copies of The State that have reached
this locality."

The St. Louis Globe-Democrat says:
"Evidently Richard Harding Davis is
of the opinion that when two hostile
parties engage in conflict the battle
ought to be fought under a canopy,
on a mossy plain and to the lascivious
pleasure of a lute."

The French military attaché at
Santiago, who cannot say too many
good things for the American army,
should "drop a line to the folk at
home." A word to the wise might be
sufficient.

While Admiral Cervera is at Annap-
olis, he should get some oad from the
naval academy to coach him in the
art of war.

The government will convert two
of the Spanish merchantmen captured

by the American fleet into armored
warships. Later they may be sent to
attack Spain.

The Gazette today publishes the
circular sent out by the Republican
State Central Committee with refer-
ence to the new caucus law, and all
voters should study its provisions
well.

Gomez has been liberally supplied
with ammunition and food, and will
now have a chance to do something.
Commodore Watson will leave for
Spain as soon as his fleet can be got-
ten ready.

Uncle Sam will gladly "pay the
freight" on the Spanish army.

General Shafter seemed to know
what he was doing after all.

Where was Richard Harding Davis
when Tora! surrendered?

Shafter—"Surrender!"
Tora!—"Surrender?"
Shafter—"Surrender!"
Tora!—"Surrender!"

THEY PLAYED GOOD BALL.

Five Exhibition of Eleven Inning Be-
tween Janesville and Lake Mills.

The game of base ball played yester-
day between the Lake Mills club
and the local Y. M. C. A. team was
one of the best seen in Janesville for
years. The visitors were in excellent
form, and played a faultless game,
and although they were favored some-
what by the umpire, earned their vic-
tory fairly.

Janesville started out well. Neith-
er club scored in the first inning, but
in the second the local club, by a
series of well batted hits, scored
three runs, while Lake Mills was
obliged to satisfy itself with one. The
two succeeding innings resulted in
goose eggs for both sides; then Lake
Mills scored one. At the close of the
ninth inning the score was a tie. The
tenth was played and the situation
was unchanged. Janesville got noth-
ing in the eleventh, but the visitors
were more fortunate, and by good
playing managed to score, winning
the hardest fought contest of the sea-
son.

The score stood, Janesville 7; Lake
Mills 8, and darkness was approaching
when the decisive run was made. The
score by innings was as follows:

Lake Mills—0 1 0 0 1 0 0 3 0 1-8
Janesville—0 3 0 0 1 1 2 0 0 7

Hollister and Fisher composed the
battery for Janesville; L. Mills and
Buohs for Lake Mills.

Bodies Are Recovered.

Cleveland, July 16.—The bodies of
the ten remaining victims of the water-
works tunnel disaster were found by
a rescuing party Friday. They were
brought to the shore end, about six
thousand feet from the tunnel head, in
a hand car. The scene when the vic-
tims were brought to the surface, where
an enormous crowd had assembled, was
indescribable. The large force of police
had all it could do to control the almost
frantic people.

Mail for Illinois Soldiers.

Washington, July 16.—In the weekly
bulletin issued by the war department
giving the stations of the volunteer
troops for the benefit of friends and
relatives who wish to communicate
with them, the following changes are
noted over the last issue: First Illi-
nois Infantry, to Santiago; Sixth Illi-
nois Infantry, to Santiago; Eighth Illi-
nois Infantry, to Springfield, Ill.; Ninth
Illinois Infantry, to Springfield, Ill.

Will Proceed Cautiously.

Washington, July 16.—There is a dis-
position to proceed very cautiously in
sending ships into Santiago harbor.
The larger vessels will probably join
Watson's eastern squadron now arming
for a dash to Spain. Up to this time
no cases of fever have been reported in
the navy and Admiral Sampson will
exercise his own judgment as to the
advisability of entering the bay.

Sunk with All on Board.

Seattle, Wash., July 16.—The Hogo
News, published at Kobe, Japan, under
date of June 20, just received here by
the steamer Yamaguchi, Maru, contains
the news of the sinking of the Chi-
nese torpedo boat Hoo Ching at Port
Arthur a few days before the paper
was printed. It is stated that there
were 118 men on board, not one of
whom was saved. No details are given.

Taking Up Harbor Mines.

New York, July 16.—Maj. Henry M.
Adams, who is in charge of the sub-
marine defenses of the harbor of this
city, sent out a corps of engineers Fri-
day to begin removing the mines and
submerged torpedoes from the channel
and the lower bay.

FOUCHE GETS ONE
YEAR BEHIND BARS

PLEADS GUILTY TO THEFT OF
WATCH.

Took His Medicine Like a Little Man
—Never Asked The Court For Any
Favors—Says That He Has Been
Financially Broke Since Coming to
America.

For the privilege of stealing Richard
Valentine's seventy-five dollar time-
piece, Robert A. Fouché will spend one
year in the state's prison at Waupun.
With as little ceremony as possible
the prisoner waived examination and
at 11 o'clock this morning pleaded guilty
to larceny. Judge M. M. Phelps then
asked the prisoner if he had anything
to say why sentence should not be
pronounced, to which Fouché replied
that he had not.

Gets a Year's Imprisonment

The court then sentenced him to one
year's confinement in the state prison
as hard labor dating from 12 o'clock
noon today, the first day to be spent
in solitary confinement.

After sentence was pronounced the
prisoner coolly took his seat and
puffed away on a cigar just as if
nothing had happened. Previous to
the pronouncing of sentence Fouché
stated that he was born in Paris,
France, and that for some time he was
employed in newspaper work in the
French capital. While engaged in
journalism he began to master the
English language, and thinking that
the United States was a good field he
decided to make the trip and try his
fortune in the new world. Soon after
landing in New York he began to
realize that he had not mastered the
English language well enough to al-
low him to work on American jour-
nals, and it was then that he decided
to try his hand at anything that came
his way.

Had Hard Luck.

He finally drifted to Chicago, and
after remaining there a short time he
decided to come to Wisconsin, which
finally brought him to Janesville the
early part of this week. Fouché is
twenty-nine years of age, and the pol-
ice believe that he has not given his
right name in the hope of concealing
his identity. He acts the part of a
young man who has been well brought
up, and there is but little doubt but
that he has an anxious father and
mother somewhere who are wondering
as to the whereabouts of their mis-
sing boy.

Dreadfully Nervous.

GENTS:—I was dreadfully nervous
and for relief took your Karl's Glover
Root Tea. It quieted my nerves and
strengthened my nervous system. I
was troubled with constipation, kid-
ney and bowel trouble. Your tea soon
cleansed my system so thoroughly that
I rapidly regained health and strength.

EXPECTATION IS SUCCEEDING HOPE

FIRST REGIMENT BOYS THINK
TIME FOR ACTION IS NEAR.

They Have Hoped for Orders a Long Time. But Now Look For Them Speedily—Rains Are Causing Discomfort but no Sickness—Personal Mention of the Camp

Camp uba, Libre, July 12.—For the first time your correspondent can truthfully say, 'lots of time for writing.'

We have heard of the southern rainy season; but imagine a steady rain for hour after hour, with variation only in the way it comes down. Imagine "we uns" confined to our quarters and staying there; only diving out and in for meals and mail like a lot of Indians. Imagine the feelings of Sergeant Schmitt and Private Irish and Sberger as they watch the water rise and rise and fill up the ditches and the deep holes in drains into drop by drop and then by a little trickling stream quietly slipping in on them and soaking their bedding and themselves. Imagine the feelings of the recruits Tilt and Williams and the others, and their test covering a portion of a large lake. Imagine a party of bright young men in uniform taking advantage of a lull in the downpour and starting a platform for their tent, and before it is finished, finding that they have a raft.

No Colds in Camp. Somehow, though, the nights are chilly and the rain wet, but we do not catch cold. Many of the tent parties haven't suffered at all from the flood, but those of the lower end have been in the center of a pond. Iowa and Illinois regiments have been flooded, as they are in a regular swamp, anyway.

However, we now have a very satisfactory system of ditches to the city streets that insure better drainage. Private Williams has had a wire from home announcing serious sickness that may bring him to Janesville this week, if he can get a furlough. Lieut. Baldwin has been detailed as adjutant of the Second Battalion during sickness and absence of adjutant Thorp.

Reports of sudden movements of the First Wisconsin are again getting common. The latest is that transports have been assigned that will carry us to Porto Rico.

The First Stands Well. Wisconsin has been truly fortunate in having first place in the camp as a regiment for good behavior. Our ball team has won every game so far and "Dewey" has whipped every dog that tackled him. Last night he lived the Milwaukee dog most severely, after taking all kinds of doggie insults. It seems that the Milwaukee dog wanted to chase a stick thrown into a pond of water for Dewey and "Dewey didn't do a thing to him" Patsy says.

Although the paymasters are in town we are still unpaid. This morning's issue of a local paper gives Thursday as being the lucky day. Corporals Hall and Brown and Private Klewin are among those who will visit St. Augustine in the near future.

How Burdens are Carried. From constant practice the southern negroes have become able to carry most of their baskets, boxes or bundles balanced on their heads. The boys are all practicing it and Private Morton is succeeding very well. The subject being "on" reminds me of a little incident I witnessed the other day. A party of us went down town and Sheep Sheldon got a chance to take a snap-shot of a beautifully ragged, picturesque colored woman carrying a large watermelon on her head. So he stopped and got a good photo. She seemed greatly excited over it, as much as anyone could be, balancing a smooth round melon on their cranial and we made "Shep" go back to find out what she was troubled about, thinking possibly, he would give him a jolly roasting, instead he found she was awfully worried because "you an didn't tell ah had on ma good clothes."

Visitors to the Camp. Mr. and Mrs. Blim, the former a brother-in-law of A. O. Wilson, of Janesville, are frequent visitors of Co. A. Their eldest son is first sergeant of the Jacksonville Light Infantry stationed at Tampa and under orders to move to Cuba with a Florida regiment. Private Sheldon has gotten the position of company counsel. In our ignorance of just what all these new forms of blanks, of books and of forms are for, no one knows just what that means. But I think he acts as sort of company treasurer, caring for the mess fund as well as acting as company clerk, and looking after about, at this writing 372 different reports and blanks while the first sergeant and quartermaster take care of 403 other printed forms. Verily there do be a heap of red tape round these great and glorious United States of America.

Weekly Sale. The coming of Saturday evening brings around our weekly clear-up sale of perishable fruits and vegetables. These sales are becoming popular with all classes, and each week finds an increase in number of purchasers. We place on sale all fruit and vegetables on hand after 8 o'clock, at prices regardless of cost to sell them. The goods are all fresh today, and rather than have any left at closing-up time, push them out at most any price to sell. Sanborn & Co. here.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the wires in three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

Berryman, formerly Gen. Sec'y at Madison, Wis. Good music will be an especial feature; the Male Quartette will sing and the orchestra will lead the general singing. All men are urged to avail themselves of this opportunity to spend a profitable hour.

THE concert given at the court house park last evening by the Imperial band attracted a large crowd and gave much satisfaction. The program was well arranged and included many popular airs. The rendering of "America" as the finale of a melody of patriotic airs called forth an enthusiastic encore, a very unusual circumstance. The concert as a whole was one of the most artistic yet given by any musical organization in public here.

WILLIAMS RETURNS FROM SUNNY SOUTH

LIGHT INFANTRY BOY HERE
VISITING.

Has Secured a Fourteen Day Furlough From His Company—All Are Well At Jacksonville Among Our Boys—Will Return Next Week—Warm Weather.

Carl Williams, who is a member of Co. A, First Regiment Wisconsin Volunteers, has arrived in Janesville from Jacksonville. He has secured a fourteen-day leave of absence, and comes home merely on a visit. Today he was kept busy greeting local friends and answering all sorts of questions that were put to him by anxious relatives of those in the Janesville company. He brought with him a large bunch of letters as well as other messages that the members of Co. A sent home to their loving friends.

Satisfactory Condition of Affairs. In speaking of camp life in the sunny south Mr. Williams says that it is not so bad as some people have pictured it to be. The Jacksonville boys since going to Jacksonville have experienced real hot weather and plenty of rain but this part of their camp life was no more than they had expected. As to the meals that are served regularly three times a day, Private Williams says that the food is substantial and good and no one is allowed to go hungry. The sleeping quarters are as comfortable as one could desire and at night cool breezes sweep the grounds making the nights ideal ones for sleeping. The health of the entire company and of the First Regiment is surprisingly good and there is less sickness among the Jacksonville regiment than among any of the other regiments.

Anxious to Move. Jacksonville and vicinity is a most ideal spot, and the boys are enjoying the time to their hearts' content. As to future movements the members of the Wisconsin companies stationed at Jacksonville are in the dark. They are anxious to go to the front, and hope that the day is not far away when moving orders will be received. Private Williams will return to Jacksonville next week.

JOINED FORTUNES FOR LIFE

Henry Gagan and Miss Ella Redding Married at Elkhorn Today.

At 2 o'clock this afternoon at Elkhorn was performed the ceremony that united as husband and wife, Henry Gagan, of this city, and Miss Ella Redding, of Clinton, Wis. A telephone message to Thoroughgood & Co. brought the happy news. The bride is a charming young lady who is respected by all in Clinton. She has frequently visited here, where she has many warm friends. The happy groom is the son of Patrick Gagan, and a life long Janesville boy, having been connected with Thoroughgood & Co. for the past eleven years. Strict attention to business has won for him a place as partner in the far famed firm, and no young man is held in higher esteem in the Bower City. After a wedding trip to Milwaukee and Chicago, Mr. and Mrs. Gagan will return Wednesday evening and will take up their home in Riverview Park in a handsome home recently erected by the groom. A host of local friends will extend congratulations.

SMALL BLAZE IN A CLOSET

It Called the Fire Department Out Shortly After Noon.

A mysterious fire which started in a closet on the second floor of the Gustave Helge residence at the corner of Center avenue and Olmsted street, was the cause of an alarm being turned in at 1 o'clock this afternoon from box 52. The department had a long run, but their services were of little use, as the blaze was soon under control after being discovered. The damage was nominal.

JANESVILLE NEWS IN BRIEF

You and your family are invited to attend Concordia concert picnic.

Those who have been cured of drunkenness at the Hargreaves Institute in the Jackman block, say that the treatment is all that is claimed for it. It builds a man up, and effects a positive and permanent cure.

Have you been in Helmsstreet's drug store and seen the new soda fountain yet? If not, don't fail to take a look at it. Eight feet long of solid Mexican onyx. It is a beauty and the soda syrups are dispensed from porcelain bottles touching no metal. Another pleasant feature is the way soda is served. Small tables are just opposite the fountain and you can have your soda at your leisure, with ice cream soda; chocolate wafers also are served. That it pays, is shown by the patronage they are getting, the store being full every evening. Go and see it lit by electric light. They have Peggy there now. Notice her picture in another column.

VALUE OF CREAM.

As Compared With Meat.

One of the most valuable items in ones dietary is good, rich cream. The remark is frequently made that "cream is too expensive to use freely." Such people think they must have meat every day at 10 and 25 cents per pound, and do not realize that 5 cents worth of good pure cream for breakfast will do more to put on flesh than 25 and 30 cents worth of meat.

An ideal portion of breakfast is obtained from say, four teaspoons of grape-nuts and a little pure, thick cream.

Made by the Postum Co. at Battle Creek, Mich.

This is one of the most delicious dishes imaginable and is served without cooking or trouble of any kind and cannot be equaled in point of food value for the human body.

The Grape-Nuts, consisting largely of grape-sugar, have passed through processes similar to the first sort of digestion and are therefore most easily digested, and in combination with cream, they render cream itself easy of digestion.

Grocers sell Grape-Nuts.

BUELL TO MANAGE BRODHEAD SCHOOLS

BOARD ELECT HIM THEIR PRINCIPAL.

Position Will Command More Salary Than He Was Getting Here—Members of Janesville Board Are Surprised—Know But Little of Such a Change in Affairs.

Prof. H. O. Buell, vice principal of the Janesville High school, has been elected principal of the Brodhead schools for the ensuing year. His election took place at a late meeting of the board of education in that city, but whether he will deem it good policy to accept the position is a matter yet to be determined.

Prof. Buell is at present in the city of Washington, attending the national meeting of teachers, and in a letter to his friends in Janesville, he is able to throw any definite light on the subject.

As vice principal of the High school he received an annual salary of \$1,000, and as the Brodhead salary is said to exceed this, there is little doubt but he will be a resident of Brodhead before many weeks.

Prof. Buell came to Janesville four years ago, and has filled his position here in a way to win for him the highest praise from all sides.

John H. Chapman Re-elected. Buffalo, N. Y., July 16.—John H. Chapman of Chicago was re-elected president of the Baptist Young People's union. Moody of Milwaukee were re-elected to the offices of recording secretary and treasurer respectively. The vice-presidents are R. H. Pitt, Virginia; H. O. Rowland, Nebraska, and A. C. Wall, Nova Scotia.

Cincinnati and Richmond, Va., are rivals for next year's convention.

Hayes Will Be Elected. Muncie, Ind., July 16.—The delegates in the Glass Bottle Blowers' International association meeting devoted the time of the two sessions Friday to discussing proposed changes in the by-laws and other matters of interest, which are kept a secret. The re-election of President D. A. Hayes of Philadelphia and the other officers of the association is now assured. The indications now are that the convention will adjourn Tuesday.

The President Will Attend. Cincinnati, July 16.—President McKinley has given his promise to the citizens' committee to be present at the national encampment of the G. A. R., Sept. 5 to 10.

FIGHTING MAY BE RENEWED.

War Department Refuses Terms Demanded by Toral.

HE MUST SURRENDER AT ONCE.

After a Cabinet Conference at the White House Definite Action is Decided On—No More Concessions Will Be Considered.

Washington, July 16.—After a conference with the president which lasted until 1 o'clock this morning Secretary Alger said:

"The situation at Santiago is just this: The Spaniards are prepared to surrender, but they want to carry their arms. We have determined to grant no such concession, nor any concession. This government will transport their army to Spain, and that is all."

This makes it clear that Santiago has not actually surrendered, all reports to the contrary notwithstanding. Secretary Alger was asked how much further time would be granted Gen. Toral, and replied that no more quibbling would be permitted. The Spaniards must come at once to terms or the bombardment of the city must be commenced.

At 1:15 o'clock this morning, when Gen. Corbin left the war department for his home, he was yet without definite information from Gen. Shafter concerning the surrender of Santiago. In accordance with the decision reached at the conference with the president, he sent instructions to Gen. Shafter that nothing but an unconditional surrender by Gen. Toral would be satisfactory to this government.

The unusual delay which has puzzled the war officials is accounted for by the difficulty which Gen. Toral is having in surrendering that part of the forces under his command which is not in the city of Santiago. Gen. Shafter estimates that there are from 12,000 to 15,000 men in Santiago and nearly as many more in the province outside the city. It is believed that the delay in the negotiations is made necessary in order to secure the surrender of the outlying garrisons, some of which may question Toral's authority to surrender them without definite instructions to that effect from Madrid.

WATSON READY TO START.

"Raiding Squadron" Has Everything in Readiness.

Washington, July 16.—The "raiding squadron" is expected to start for the coast of Spain today. The navy department understands that Commodore Watson has his ships coaled to the limit of their bunker capacity, and nothing should keep him another day at Guantanamo. He ought to pass Mole St. Nicholas on Sunday, and, according to schedule, a cablegram should be sent by him through a dispatch boat off St. Thomas next Wednesday, announcing his actual departure from that vicinity upon the 2,600-mile straight-away course for the Canaries, where his formidable force should appear about Aug. 1 or a few days later, depending upon the state of weather encountered in mid-Atlantic and the maximum speed of his colliers, which must fix the rate of progress.

After two days spent under the lee of one of the unfortified Canary islands replenishing the bunkers of his fighting ships with fuel, the final assault on Spain, scarcely two days' distant, will be made, and if the last Spanish naval resource represented by Camara's fleet cannot be enticed from Cartagena to protect Cadiz, the American battleship will quickly be displayed in the Mediterranean.

The fleet as at present constituted includes two of the best battle-ships in the navy, the Oregon and the Massachusetts, the protected cruiser Newark, the auxiliaries Yankee, Dixie and Yosemite, with six colliers and a supply ship.

No Overtures for Peace Yet.

Washington, July 16.—"There have been no overtures for peace received by any United States embassy or legation abroad or by the department of state at Washington." This is the statement made by a member of the cabinet who is thoroughly familiar with the conditions, and it was called forth by various reports that ranged all the way from an announcement that the basis for a treaty of peace had already been reached to the more guarded declaration that the Spanish government had conveyed in an unofficial manner to the United States government an intimation of some of the concessions it was prepared to make to secure peace.

Says It Is Time to Plan Peace.

Paris, July 16.—The Temps says: "The hour for opening the peace negotiations has struck with the fall of Santiago, particularly as the appearance of yellow fever will dispose the Americans to receive them favorably. Spain ought not to base the slightest hopes on the Irene incident, which was merely a misunderstanding."

A dispatch to the Temps from Madrid says the prefects report that the Carlists are making preparations for an outbreak in the northern provinces.

Will Listen to Reason.

London, July 16.—The Madrid correspondent of the Telegraph claims to have the most reliable authority for the statement that the government has definitely decided to negotiate immediately for peace on a basis of renouncing all rights in Cuba and the discussion of any other reasonable proposals by the United States.

THE NEW CAUCUS LAW.

(Continued from page 2)

delivered to the chairman of the county committee, he shall deliver the same to the caucus officers of the respective districts in each city. Only voters whose names appear on such registry list shall be allowed to cast their vote at said caucus, except in case it is shown by affidavit that the elector is a qualified voter of the caucus district; which affidavit must be substantiated by the affidavit of two freeholders, electors in such caucus district, corroborating all the material statements in his affidavit.

Officers of Caucus.

(Sec. 8, ch. 312, laws of 1897.) The chairman selected at the preliminary meeting shall, upon the day fixed in the call, open the caucus (at 4 o'clock p. m.) in the booth, and if no booth exists in the caucus district, in the building which the committee shall have designated to be used for holding the caucus. The chairman and secretary together with the caucus inspectors shall act as officers of the caucus. In case the chairman is absent, any caucus inspector may open the caucus, and the electors present shall elect a new chairman, and in the absence of the secretary a new secretary. (Persons whose names appear on caucus tickets as candidates for delegates may act as caucus officers, but no other person whose name appears on the caucus ballot may act as caucus officer or be permitted in the caucus booth, except to vote, until after the close of the caucus.) The caucus tickets shall be placed in charge of the secretary of the caucus, who shall deliver to each elector entitled to vote, as he enters the booth or place where the caucus is held, one ballot, and no more than one ballot shall be furnished to any one elector unless the elector returns the one first furnished as having been erroneously prepared or spoiled by accident, or mistake, but no voter shall receive to exceed three ballots in all. Ballots containing more names crossed for delegates than the district is entitled to, shall be void and shall not be counted.

Any person voting or offering a vote at a caucus, when not a qualified elector of the caucus district is amenable to fine and imprisonment.

Inspectors Are Tellers.

The caucus inspectors shall act as tellers of the caucus, receive the votes of all the electors of the party of the caucus district, and all electors who voted the republican ticket at the last general election shall be entitled to vote. An elector, whose right to vote shall be challenged by any of the caucus officers, shall not be permitted to vote unless he shall subscribe and file with such caucus officers, an oath or affirmation that he is a resident of the caucus district, is a qualified elector and voted for the regular republican candidates at the preceding general election, which affidavit must be substantiated by the affidavit of two freeholders, electors in such caucus district, in so far that they know the challenged voter to be a resident and elector of the caucus district, and that they have reason to believe that the statements made by such challenged voter in his affidavit are true and correct.

Counting The Votes.

Immediately after the close of the caucus (at 8 o'clock p. m.), the canvassing board shall count every official ballot cast, and verify such canvass in the presence of all persons desiring to attend, whose names appear on the ballot voted at such caucus, or one authorized agent for each such person, and immediately when the result is determined, announce the same in a loud voice. All the ballots or tickets cast at such caucus shall then be burned. Verified and certified returns shall immediately be sent to the county committee, together with the checked registry list used, and the affidavits received at such caucus.

Section 4, chapter 312, laws of 1897 makes it the duty of the city to cause booths to be constructed and erected at such place and time as the caucuses are designated to be held and to furnish the necessary furniture, ballot boxes, heat and light; provided, that in all cities where provision for election booths is not made by law, the caucuses held under the provisions of this act shall be in some way suitable building in each caucus district to be designated by the county committee and located as centrally as may be with regard to the convenience of all electors in such caucus district.

Other Facts.

In brief: the county or assembly district convention shall be called on a notice of not less than four weeks prior to Aug. 17, the date for holding the state convention.

Caucuses for electing delegates to the county or assembly district conventions must be called on a notice of not less than ten days.

Preliminary meetings for proposing names of delegates to be voted for at the caucuses must be held four days before said caucuses, and ten days' notice should be given of the holding of such preliminary meetings.

It is suggested that the work of the state central committee, in preparing the roll for the state convention, would be greatly facilitated if credentials of delegates to the state convention should reach them not later than the 15th of August.

LATE NEWS BY TELEGRAPH

THE SQUADRON THAT IS TO ATTACK SPANISH SEAFORTS.

The cruiser Newark, flagship; the battleships Iowa and Oregon, the auxiliary cruisers Yosemite, Yankee and Dixie and the colliers Scindia, Abarenda and Alexander compose the squadron under Commodore John Crittenden Watson that is to bombard Spanish cities and capture the Canary Islands. Commodore Watson's command is to be known as the eastern squadron, and its best all around ship is undoubtedly the battleship Iowa. She is of 11,200 tons, with a speed of 16½ knots. Her battery consists of 40 guns, so that she is a floating fortress in herself. Four of these guns are of 12 inch caliber, mounted in turrets, and there are eight 8 inch guns in turrets, six 4 inch quick firers, twenty 6 pounders, six 1 pounders and four Gatlings. The Iowa has splendid armor protection, with a belt of 14 inch steel 7 feet 6 inches broad around her vitals, with cellulose backing and coal protection. The Oregon is a sister ship to the Indiana and has just earned a world's record as a cruising battleship by making the long run from San Francisco to Key West. Her battery is heavier than the Iowa's in that her four big turret guns are of 13 inch caliber. The battery is in other respects similar to the Iowa's, and her radius of action at 19 knots is placed at 8,590 miles as against 7,400 miles of the Iowa. The officers of the vessels are: Battleship Iowa, Captain R. D. Evans; battleship Oregon, Captain Charles E. Clark; flagship Newark, Captain Albert S. Barker; cruiser Yosemite, Commander W. H. Emory; cruiser Yankee, Commander W. H. Brownson; cruiser Dixie, Commander C. H. Davis; collier Scindia, Commander E. W. Watson; collier Alexander, Commander W. E. Burrell; collier Abarenda, Lieutenant Commander W. H. Buford. Commodore Watson was the gallant young officer who lashed Admiral Farragut to the rigging at Mobile Bay.

OFFICIAL TERMS OF PEACE.

The President and His Advisers Are Agreed.

OVERTURES EXPECTED DAILY.

Permanent Withdrawal of the Spanish Flag from the Philippines Is One of the Conditions—Porto Rico to Belong to U.S.

Washington, July 16.—After the cabinet meeting Friday President McKinley remarked that he "hoped for an early peace." So far as can be learned there was no direct significance in the expression. Secretary Day says he has received no intimation direct or indirect that Spain is seeking terms, although he would not be surprised at any moment to receive overtures through one of our ambassadors in Europe or one of the European ambassadors in Washington. The declaration of martial law in Spain cannot be construed in any way except as preparation to suppress evidences of discontent, and is directed particularly at the Carlists, who formally proclaimed the other day that they would overthrow the government if it surrendered any Spanish territory to a foreign power.

While any overtures for peace will be formally submitted to the cabinet and carefully considered before terms are proposed, the president and his advisers have anticipated this responsibility and have practically decided upon the demands that will be made of Spain. They are:

1. The independence of Cuba under a protectorate of the United States for the purpose of preserving order and protecting property until a stable and responsible government can be established.

2. The cession of Porto Rico to the United States in lieu of indemnity and the claims of American citizens against Spain growing out of the war.

3. The permanent withdrawal of the Spanish flag from the Philippine Islands, with a protectorate of the United States.

4. A coaling station for the United States in the Ladrone or Mariana Islands.

With regard to the final disposition of the Philippines there is a division of opinion in the cabinet. None of the president's advisers are willing to permit Spanish domination to continue in that archipelago. At the same time they are divided concerning the extent of the responsibility to which the United States should be committed. The tendency of the cabinet is toward the establishment of a republican form of government under the insurgent leaders, with a protectorate on the part of the United States for the purpose of preserving order until a stable government is established.

WILL RENOUNCE CUBA.

Madrid Correspondent Says Spain Is Ready to Yield.

London, July 16.—The Madrid correspondent of the Daily Telegraph says: "The government has definitely decided to open peace negotiations without delay, proposing as a basis the renunciation of all rights over Cuba."

"The reports that an armed Carlist band has made its appearance in the neighborhood of Leon are unfounded. Neither in that district nor in the

other pacificatory plans, to appoint Lieut.-Gen. Weyler as captain-general of Catalonia.

"Although I have not spoken to him on the subject, I feel convinced that under present conditions he would not feel justified in accepting the position. Informal negotiations for peace are continuing. The government, it is reported, has received a long dispatch in cipher containing the results up to date."

Peace Means Revolution.

London, July 16.—The Gibraltar correspondent of the Daily News says: "A naval battle off the Spanish coast is considered imminent. The suspension of the constitutional guarantees is a symptom of the distracted condition of Spain. The nation wants peace; the army wants a victory. Spain cannot continue to struggle, yet peace will be the signal for revolution, and the European intervention formerly desired is now dreaded. The government, through El Epoca, advocates direct negotiations with the United States. The military press indignantly characterizes peace as treason. Wealthy families are deserting Cadiz, Seville and Malaga. Supplies are shipped from here to the American consul at Tangier."

Fleeing from San Juan.

St. Thomas, D. W. I., July 16.—Advices received here from San Juan de Porto Rico show that the inhabitants of that place are in a state of great alarm. They expect that the port will be attacked by the Americans and are fleeing to the interior. It is said that the city and its suburbs are practically deserted.

REGAINED HEALTH.

Gratifying Letters to Mrs. Pinkham From Happy Women.

"I Owe You My Life."

Mrs. E. Woolhiser,

Mills, Neb., writes:

"DEAR MRS. PINKHAM—I owe my life to your Vegetable Compound. The doctors said I had consumption and nothing could be done for me. My menstruation had stopped and they said my blood was turning to water. I had several doctors. They all said I could not live. I began the use of Lydia E. Pinkham's Vegetable Compound, and it helped me right away; menses returned and I have gained in weight. I have better health than I have had for years. It is wonderful what your Compound has done for me."

"I Feel Like a New Person."

Mrs. Geo. Leach,

1609 Belle St., Alton, Ill., writes:

"Before I began to take your Vegetable Compound I was a great sufferer from womb trouble. Menses would appear two and three times in a month, causing me to be so weak I could not stand. I could neither sleep nor eat, and looked so badly my friends hardly knew me."

"I took doctor's medicine but did not derive much benefit from it. My druggist gave me one of your little books, and after reading it I decided to try Lydia E. Pinkham's Vegetable Compound. I feel like a new person. I would not give your Compound for all

Constitutional Rights Are Temporarily Suspended.

ROYAL DECREE PUBLISHED.

The Government Evidently Wishes to Have Full Power to Suppress Evidence of Discontent When Negotiations for Peace Are Begun—Sagasta's Position.

Madrid, July 16.—The Official Gazette publishes a royal decree temporarily suspending throughout the Spanish peninsula the rights of individuals as guaranteed by the constitution.

The decree adds that the government will render an account to parliament of the use it may make of this measure.

The publication of the decree is generally accepted as being convincing proof that Spain is now ready to sue for peace, and that negotiations to that effect are actually in progress. The government wishes to have full power to suppress all evidences of discontent which might appear. The Carlists are furious and are sure to attempt to create trouble.

One minister expressed the conviction that official overtures for peace will be made before Sunday, and there is reason to believe France has offered her services to Spain and that Spain has drawn up conditions for peace which offer a basis of negotiation.

Premier Sagasta is quoted as saying that Spain wants peace, but that "it must be an honorable peace, as Spain deserves. The army," the premier is said to have added, "is anxious to resist to the last, but the government cannot consent to such a sacrifice. Had we our fleet, the situation would be very different."

Washington, July 16.—The above move on the part of the Spanish government, coming as it does on the heels of the fall of Santiago, shows plainly the desperate straits in which Sagasta and his associates find themselves. In the absence of fuller light on the subject than is contained in the above dispatch, it would seem that either the government has declared martial law to prevent outbreaks on the part of the people when they learn of the surrender of Santiago or that a change is about to be made and a military dictatorship established.

MIDSUMMER QUIET IN TRADE.

Dun and Bradstreet Report Steadiness in Demand and Prices.

New York, July 16.—R. G. Dun & Co.'s Weekly Review of Trade says:

"Industries and business are at the naturally lowest point for the year. The decrease in output of pig iron is mostly due to usual stoppages for repairs a little before July 1. It is still between seasons for wool, but the demand for woolen goods is better, though prices for some have been reduced. Cotton has been steady in spite of good crop prospects. Failures for the week ended July 7 were \$1,854,394 in amount. Failures for the week have been 216 in the United States, against 263 last year, and in Canada twenty-three, against twenty-seven last year."

Bradstreet's says:

"Pending the initiation of new fall business, preparations for which are actively under way in all markets, there exists a quiet midsummer condition, accompanied, however, in most cases by price steadiness and confidence in a promising outlook for fall trade. There is a little more hopeful feeling in the iron and steel trade. Our cereal exports still continue in excess of corresponding periods of previous years, wheat and flour shipments aggregating 2,910,287 bushels, as against 2,728,642 last year. Corn exports show an increase from last week, aggregating 2,822,248 bushels, as against 2,411,272 bushels last year."

DINGLEY AND BOYD LOSE.

Col. George Stone Elected President of the Republican League.

Omaha, Neb., July 16.—Col. George Stone, of San Francisco, the president of the California State league, was elected president of the National Republican league at Friday morning's concluding session. It was a close vote between him and J. Cookman Boyd, of Baltimore, on the first ballot, which stood: Stone, 521; Boyd, 588; E. N. Dingley, of Michigan, 187, and Isador Robel, of Pennsylvania, 214. On the very next ballot Pennsylvania threw its 130 votes to Stone and Illinois its 98, giving the election to the California man.

D. H. Stine, of Newport, Ky., who had been made the secretary to fill out the unexpired term of M. J. Downing, of Renville, Minn., was elected secretary by acclamation, and M. D. Young, of Pennsylvania, treasurer.

Invitations from Judge E. P. Scott, of Texas, for Galveston and Maj. John Eppy, of Minnesota, for St. Paul for the next convention two years hence were formally offered and referred to the executive committee. As biennial sessions have been decided on the officers will hold over for two years.
